Founder's Desk

"Don't settle for average"

Welcome to SITM, an organization that takes pride in shaping aspirations and dreams to bring them to fruition. We have been disseminating knowledge and skills required for the demanding economy of the twenty-first century. Our focus is to create a better tomorrow. This is our fundamental pledge and I value your participation in this worthy goal. Join us in our efforts to enrich lives in every possible way we can.

Late Prof. Jnanankur Goswami

Director's Desk

It gives me immense pleasure to emote on an institution that has had a vision of holistic development of its students since its inception and we strongly believe in channelizing the footsteps in a direction that would flourish their dreams. I firmly believe that S.I.T.M. has been constantly striving to impede the fullest development of its students in all its years of existence. We train the mind of our students and nurture their hearts to become successful professionals on the scale of excellence. Education determines the path of progress and prosperity to which S.I.T.M. is very much committed. The sheer dedication of our principal, staff, and students help them achieve their set goal to fulfil the aspirations of parents alongside the ambition of pupils.

M. K. Goswami
Director of SITM

Smt. Chandrabali Dutta
Registrar

Prof. Ayona Chowdhury
Asst. Registrar

Dr. Tanusri Ghosh

Welcome To Syamaprasad Institute of Technology & Management

You dream and we provide the path to reach it. We believe in achieving excellence with technology and sheer determination. We at SITM offer Under Graduate Degree Courses in Technology, Management and Medical fields that include BCA, BBA , BBA in Hospital Management, B.OPTOM, B.Sc. in Medical Lab Technology (BMLT). Learn and train yourself with our Industry oriented systematic learning system.

About SITM

About SITM - Syamaprasad Institute of Technology & Management, established in 2002, is one of the pioneer colleges affiliated under MAKAUT located in the heart of Kolkata, West Bengal. Supported by experienced faculties, infrastructure & holistic student development, our college excels in degree courses like BCA, BBA, BBA in Hospital Management, B.OPTOM, B.Sc. in Medical Lab Technology (BMLT).

The institution embraces growth with time, knowledge with all round development & freedom for every student to nurture their dreams into reality.

Vision

Driven to provide excellent educational opportunities that are responsive to the needs of our students, we empower them to meet and exceed challenges as active participants in shaping the future of our nation holistically.

Mission

The college aims to foster academic and career success through the developme of critical thinking, effective communication, creativity, and cultural awareness in a safe, accessible and affordable learning environment.

3

Courses Offered (Affiliated to MAKAUT)

Bachelor of Computer Application (BCA)

Bachelor of Computer Applications (BCA) is an undergraduate degree programme that focuses on computer applications and software development. The course is designed to provide students with a strong foundation in computer science and practical skills in programming, software development, problem-solving, critical thinking, communication, teamwork, and project management, making graduates well-prepared for the demands of the IT industry. Graduates of BCA often find employment in various roles such as software developer, system analyst, database administrator, web developer, network administrator, and IT consultant.

Duration: 3years (6 Semesters) Full-time Degree Course/4 years (8 Semesters) Full-time Honours Course.

Eligibility: Passed 10+2 or equivalent. (As per University guideline*).

Bachelor of Business Administration (BBA)

BBA stands for Bachelor of Business Administration. It is an undergraduate degree programme that focuses on developing the skills and knowledge necessary for a career in the business and management field. BBA programmes typically cover a broad range of business-related subjects to provide students with a strong foundation in business principles and practices. BBA programme aims to develop a range of skills, including critical thinking, problem-solving, communication, teamwork, leadership, and analytical skills. Graduates of BBA programmes are prepared for entry-level positions in various industries such as finance, marketing, human resources, and management.

Duration: 3years (6 Semesters) Full-time Degree Course/4 years (8 Semesters) Full-time Honours Course.

Eligibility: Passed 10+2 or equivalent. (As per University guideline*).

BBA in Hospital Management (BHM)

A Bachelor of Business Administration (BBA) in Hospital Management is a specialized undergraduate programme designed to provide students with the skills and knowledge needed to manage and administer healthcare organizations effectively. This programme combines business and management principles with a focus on the unique challenges and requirements of the healthcare industry. This programme provides students with a solid foundation in both business and healthcare, preparing them for managerial roles in healthcare organizations. It combines theoretical knowledge with practical experience, equipping graduates to address the unique challenges of the healthcare industry. As the healthcare sector continues to evolve, professionals with a background in hospital management play a pivotal role in ensuring efficient and effective healthcare delivery.

Duration: 3years (6 Semesters) Full-time Degree Course/4 years (8 Semesters) Full-time Honours Course.

Eligibility: Passed 10+2 or equivalent. (As per University guideline*).

Bachelor in Optometry (B. OPTOM)#

Optometry is a healthcare profession that focuses on the examination, diagnosis, treatment, and management of disorders and conditions related to the eyes and vision. Optometrists are trained to provide primary eye care services, including prescribing glasses and contact lenses, detecting and managing eye diseases, and promoting overall eye health. After successful completion of this programme, graduates can work as optometrists in various settings such as private practice, eye care clinics, hospitals, or corporate settings.

Duration: 4 years (8 Semesters) Full-time Honours Course.

Eligibility: Passed 10+2 or equivalent. (As per University guideline*).

4

BSc in Medical Lab Technology (BMLT)#

Medical Laboratory Technology course typically provides students with the knowledge and skills necessary to work in a medical laboratory setting. This programme aims to train individuals in various aspects of laboratory testing, analysis, and the use of advanced technologies to assist in the diagnosis and treatment of diseases. After completion of the programme, graduates are typically equipped to work as Medical Laboratory Technologists, Clinical Laboratory Technicians, or similar roles in healthcare settings. This programme trains to produce professionals who are skilled in laboratory techniques, understand the importance of quality control, and adhere to ethical and professional standards in the medical field.

Duration: 3years (6 Semesters) Full-time Degree Course/4 years (8 Semesters) Full-time Honours Course.

Eligibility: Passed 10+2 or equivalent. (As per University guideline*).

Anti ragging Helpline: 98048 04578 / 98045 27027 (Registrar) / 98048 04575 (Asstt. Registrar).

7

PICNIC AND EXCURSION

Our institution organizes picnics every year. The picnic is a one-day event. All the students join the picnic in order to make it a success. Exotic places, friendly euphoria, a different life for a day make it truly exciting for the students and thus every year they look forward to it.

INTRA COLLEGE COMPETITION

Every year the college holds different intra college competitions. This is done to encourage the students to excel in extra-curricular activities also. The different intra college competitions are debate, quiz, cricket tournament, football tournament, badminton tournament. The winners of these competitions are awarded on the annual prize distribution day. These competitions are held throughout the year. The students of the institute participate in these competitions with great enthusiasm. The faculties of the institute also participates in these competitions, thus making these competitions even more interactive.

"COLLAGE" (ALUMNI)

The years of graduation are said to be the golden years of one's life. When the college days end abruptly it seems that all the fun, enjoyment and most importantly the contacts between friends are about to get over without whom the college days would have been a sheer mess. For this reason every college have got their own alumni where the ex-students enroll themselves and keep in contact with each other as well as their friends. SITM also has got its alumni named "COLLAGE". The ex-students of this college have got an emotional relation with the alumni. They remain associated with the college through this alumni.

8

Infrastructure

LIBRARY

The library is an integral part of any educational institution and we are no exception. It has got a good collection of books for the students and for all the subjects that are taught here. It's a well-stocked digitalised library.

The library staffs are equally amicable with utmost friendly gesture towards the students.

COMPUTING FACILITY

Computing facility or the lab facility of SITM are always provided to all the students of the institution. The computer rooms are totally air conditioned with ample computers that are upgraded with the latest version. The labs are all GPON enabled. Each student here are allotted with single computer. The computers here are LAN connected. There is internet facility.

Computers have got high speed devices for networking, Turbo C/C++, Windows latest version, Visual studio, Android studio, Python, Anaconda, Eclipse, Xampp, SQL server. In short the computer labs are fabulously prepared only for the betterment of the students of this institution.

9

HOSTEL FACILITY

At present not available. Outside students from different places stay at nearby Mess / Paying Guest.

CLASSROOM

Classroom is said to be the place where the minds of the youths are ignited with the stimulus from the teachers who overcome the mere tag of being a teacher and become a mentor. Here all the students as well as the interactive student teacher sessions are carried out. Thus classroom is an important aspect of any educational institution and we try to provide the best classroom facility to all the students.

AUDITORIUM

- Well furnished AC auditorium
- All our cultural activities are performed there

SPORTS FACILITIES

- A large, green playground is there for the students
- Football, Cricket, Badminton and other outdoor sports are being played by the students
- Other indoor sports facilities like Carrom, Table Tennis are also there

PROCEDURE OF ADMISSION

- Two passport size photographs, two stamp size photographs, two sets of photo copies of all mark sheets, school leaving certificate, age proof document are to be attached with the application form.
- Admission confirmation notice will be published in the Notice Board of the College.
- On receiving admission confirmation student has to pay the first semester fees, etc. and university fees with the given dates.

Cultural Activities

We organize many vibrant cultural programmes throughout the year.

The programmes organized are :

"ANANDAM" (FRESHERS WELCOME)

The Freshers programme is conducted to welcome the new admitants in the college.

"ECSTASY" (FEST)

The freshers programme is then followed by the huge event that is the FEST. This is a cultural event where the students of SITM to get a chance to show their talents in different fields.

"UTKARSHA" (ANNUAL PRIZE DISTRIBUTION)

The students are evaluated according to their talents and annual results are rewarded in the annual prize distribution ceremony.

"MIRAGE" (COLLEGE MAGAZINE)

The college magazine is named "MIRAGE". The students write about various topics in the magazine. Our institution allows the total creative flow of the students in terms of thoughts, ideas and innovation. In this magazine all types of writings are entertained such as creative writing, poems, short essays, science fiction and other forms of writing, academic interest.

Rules of Conduct and Discipline

1. Students admitted to the Institute will be governed by the rules & regulations as laid down from time to time.

2. Students are responsible to the Principal / Director of the Institute for their conduct in the Institute and in Public places.

3. Each student will have to obtain an Identity Card duly signed by the Principal / Director of the Institute at the beginning of each year. The identity card must be presented whenever demanded by any college official.

4. Students shall be punctual and regular in attendance, both in theory and practical and also in submission of team-work, project reports etc. Note that 75% attendance is necessary for all the students. Students attending classes less than 60% will not be allowed to sit for the university exam.

5. Students must have to appear at class test, internal exams conducted by Institute.

6. All important instructions, notices will be displayed on the notice boards of the Institute. Students must develop the habit of regularly reading the notices / instructions put up on the notice boards. Failure to read notices will not be accepted as an excuse for non-compliance of instructions.

7. Any change of address / telephone / mobile numbers, must be informed in writing to the Institute office.

8. Students shall behave in an orderly, disciplined and decent manner in the Institute campus and public places & are not allowed to use mobiles inside the college buildings.
